PMA IN RELIEF ACTIVITIES

- Earthquake
- Drought/famine
- Floods
- Epidemics, dengue etc.
- IDPs - Internally displaced persons against terrorism
Several stepping up to help victims

By Our Staff Reporter

Lahore - The Pakistan Medial Alliance (PMA) has provided medical treatment to 500 patients and treated over 1000 patients at a hospital established at a relief camp in Muzaffarabad.

President PMA Lahore, Prof. Ata-ur-Rehman, and the PMA team attended the press conference.

Accompanied by his assistant, Dr. Faizul, the hospital was established by PMA to treat local patients. It is being run by the local government, the Muzaffarabad district, and the Afghan Medical Relief Agency.

PMA has given medicines and medical supplies to the patients from both relief funds and donations.

Dr. Faizul said that 100 special cases had been sent to the PMA hospital for treatment.

The PMA team is planning to establish a permanent hospital in the area.

PMA’s 22 Medical Centres:

Pakistan Medical Association (PMA) has established 22 medical centers for the medical treatment of the quake-affected areas, where 4000 patients were being treated.

Dr. M. Mushtaq Ahmed, PMA President, said the medical team was treating patients from the makeshift hospitals in the area.

At least 1000 patients are being treated daily at these centers, and the team was providing medical supplies from both local and international organizations.

Dr. M. Mushtaq Ahmed said that the situation in the area was critical, and the team was working on providing medical treatment to the affected areas.
LAHORE, Aug 17: A five-member team of the Pakistan Medical Association (PMA) has treated over 8,000 patients in flood-hit areas of Sindh.

According to PMA, the doctors team headed by Dr. Aseemuddin Zaidi visited far-flung areas of Jhangir, Fazilpur, Rolda Mughlan, Kot Chitta, Jhok Utra, Dajal and Babul Wall and treated the patients.

The association said registration of young doctors continued at its Ferozepur Road office.

PMA Secretary-General Dr. Tanveer Anwar has appealed to philanthropists and doctors to donate generously for the flood-affected people.

HONOURED: Dr. Mubarak Ahmed, former PMA secretary, has been conferred the national accolade by the Pakistan Psychiatric Society.

He got the distinction for conducting many national and international symposiums, workshops and conferences on various disciplines of medicinas with the collaboration of WHO and Unicef — Staff Reporter
