

Programs conducted by Nepal Medical Association

Dr. Sanjeeb Tiwari
General Secretary

Women in Medicine in Nepal

- ▶ This program is conducted every year to felicitate female doctors to acknowledge their contribution.
- ▶ The main idea behind Women in Medicine in Nepal (WMN) is to recognize the contribution made by women doctors in Nepal. At the same time, exposing their struggles and successes will inspire and motivate the nation's younger generation of women doctors.
- ▶ NMA identifies and selects those women doctors who have substantially contributed to our medical fields and felicitates them to encourage other women doctors to inspire them to achieve more in their professional lives.
- ▶ Third Women in Medicine in Nepal was conducted on 15 September, 2023 in presence of Honorable President of Nepal.

NMA National Health Summit

- ▶ NMA National health summit is an annual calendar event hosted by Nepal Medical Association to commemorate the first issue publication of the Journal of Nepal Medical Association (JNMA).
- ▶ NMA National health summit is organized to establish a distinguished platform to health care professionals, stakeholders and experts to convene, collaborate and participate in substantive discourse.
- ▶ Multiple healthcare leaders, policy makers, representatives from the ministry and national organizations, and patient groups meet each year to discuss mainly on improved planning and policy making in health sector.
- ▶ Third NMA National Health Summit was conducted on 26-27 November, 2023.

NMA National Health Summit

Free Health Camp for earthquake victims

- ▶ Free Health Camp was organized by NMA for earthquake victims in Jajarkot district of Nepal on 3rd and 4th December, 2023.
- ▶ Relief materials were also provided to the victims.

Free Health Camp for earthquake victims

Cancer Awareness and Anti-tobacco program

- ▶ The planned anti-tobacco program was conducted to address the problem of increasing prevalence of tobacco use in youths by utilizing evidence-based tactics, substantial community participation, and joint efforts with key stakeholders.
- ▶ The initiative aimed to reduce tobacco consumption, enhance public awareness about the health effects of tobacco use, and promote a smoke-free environment.

Cancer Awareness and Anti-tobacco program

Rare disease day celebration

- ▶ Walkathon program was organized on the occasion of Rare disease day on 29th February, 2024.

Nepal Doctor's Day celebration

- ▶ The date of establishment of Nepal Medical Association is marked as a day for unity of all the doctors in the country and is celebrated as Nepal Doctor's Day.
- ▶ This year Nepal Doctor's Day was celebrated on 3rd March, 2024 in a place called Syangboche which lies in the Himalayan region of Nepal as an appeal for joint effort to address the increasing climate change all over the world.
- ▶ Blood donation program was organized by Surkhet branch on the occasion of Nepal Doctor's Day.
- ▶ Madhesh Health Summit was also organized by Janakpur branch on this occasion.

Nepal Doctor's Day celebration

Blood Donation Program

JNMA training programs

- ▶ Journal of Nepal Medical Association (JNMA) organized different training programs throughout the year to share new ideas among health professionals.
- ▶ The training programs were conducted in different parts of Nepal such as Kathmandu, Pokhara, Nepalgunj, Surkhet and Bharatpur .

JNMA training programs

Scholarship Programs

- ▶ Currently Nepal Medical Association has published notice regarding scholarships targeting students of family with financially poor background who want to pursue MBBS degree in Nepal.

Heartfelt prayers for the departed soul

- ▶ Nepal Medical Association showed solidarity against the inhumane act of rape and murder of a trainee doctor at RG Kar Medical College in Kolkata, West Bengal, India.
- ▶ NMA organized a program on August 22 and prayed for the departed soul.

THANK YOU

The background features abstract, overlapping geometric shapes in various shades of green, ranging from light lime to dark forest green. These shapes are primarily located on the right side of the frame, creating a modern, layered effect against the white background.
